

*Civil Construction &  
Building Services*

# Civil Construction

*Civil construction is the  
**foundation** for **successful projects**.*

QCCS work alongside our Clients by providing a range of services to meet their specific requirements. Formwork, steel fixing, concreting, civil earthworks and drainage, project recovery, general building and construction, precast tilt panels; are just a few of the services we cover.

We have worked for the major coal mine operators BMA, Rio Tinto and Glencore; Queensland's coal export facilities Dalrymple Bay Coal Terminal, Abbot Point Coal Terminal, Hay Point Coal Terminal and many Tier 1 contracting companies such as Bechtel, Sun Engineering, Monodelphous and Garwoods.

*Choose your own contact to find out more about us, or we can provide some of our clients that would be more than happy to share their experience with you.*

Whatever it takes  
**safely and efficiently**

# Case Study

**Location of Job:**  
Crinum North Mine QLD Australia

**Client:** Garwoods

QCCS worked with Garwoods on the structural concrete and ancillary slabs for construction of the new conveyor from coal face to stock pile on the Crinum North Expansion Project. This included several kilometres of overland conveyor, transfer stations and portal entry works.
